### *I Can Make Out With Any Girl Here*

By: Ryan Nemeth

Donny Blake spends his first semester as a college student at Kulhman University doing the typical college student activities--partying, picking up girls, studying, and trying to avoid Ugly Jen. When the bank starts giving Donny free money and his French teacher expresses interest in him, Donny comes to the realization "I can make out with any girl here". Will it all far apart when ants move into Donny's room and stolen fetal pigs attract the administration's attention or will he make it through his first semester of college? Find out through diary entries, text messages, e-mails, and police reports. *I Can Make Out with Any Girl Here*--the story of Donny Blake's first semester at Kulhman University. A must read for all students about to enter college, college freshman, current college students, or those just wanting to remember what it was like.
